

Butterfly 4pro

Butterfly 4pro consists of 1 pc 4-inch LF driver and 2 pcs soft dome tweeters. The HF have an exclusive T-EYE™ design, and the array layout is assembled in the center front of the speaker. The speaker has a wider frequency response and large near-field coverage, and the sound is especially defined and delicate.

Butterfly 4pro also have a modular design concept, which can be used individually or in combination with multiple speakers. It has good scalability and can flexibly adapt to various environments and applications.

FEATURES

- Customized ProDriver
- Smart Crossover Design
- Durable ABS cabinet structure
- Unique Driver Protection Circuit
- T-EYE™ Treble Design
- Extremely Simple Installation
- Flexible and Multiple Applications

ACCESSORIES
